Hugo Celio	512-232-7002 (office)	FNT 2.136
Karalee Jarvis	512-232-1884 (office)	FNT B.132A

Life-Threatening Situations

Major Chemical Spill Exposure:

- Alert anyone in the surrounding area
- If necessary, use eyewash or safety shower to decontaminate victim
- If necessary, evacuate the area
- Call UT Police immediately using one of the emergency call boxes (or by dialing 911 on any telephone)
- Notify TMI staff immediately for assistance in cleanup

Major Medical Incidents:

- Call UT Police immediately using one of the emergency call boxes (or by dialing 911 on any telephone)
- If possible, assist the victim
- Notify TMI staff immediately

Major Fire or Toxic Gas Leak:

- Exit the cleanroom through the nearest emergency exit. Do not stop to retrieve personal items or remove your gown
- Exit the building immediately via one of the stairwells at the ends of the building. Do not attempt to use the elevator
- Once outside, regroup on the stairwell across the parking lot from the loading dock. Wait there until directed
